

Education

- 2007 – 2011 **AGH University of Science and Technology, Krakow, Poland**
(suspended) **PhD studies in Computer Science**
- 2008.05 **Project Management Professional (PMP) Certificate**
- 2007.02 **PRINCE2 Practitioner Certificate**
- 2000 – 2005 **AGH University of Science and Technology, Krakow, Poland**
MSc in Computer Science
Master's thesis: *Efficiency Improvements of Nearest Neighbor Search*
Graduated with **very good** mark
- 1996 – 2000 5th High School in Bielsko-Biala, Poland
Finalist of Polish Physics Olympiad

Professional Experience

- 2013.09 – present **TREVICA** – card processor and provider of innovative payment solutions
PMO Manager
Management of the company's project portfolio.
Motivating and effective management of Project Managers.
Planning and coordination of more than 30 concurrent projects.
Providing the required resources and resolve conflicts.
Monitor progress, management of risk and change.
Building relationships with Customers and suppliers from all over Europe.
Presales process support.
Status reporting to the Board.
- 2009.01 – 2013.08 **First Data Polska** – the largest acquirer of payment cards in Poland
Project Manager
Comprehensive project management in a matrix organization (project scope, time, cost, quality, human resource, communications, risk, procurement, stakeholder and integration management).
- 3DES in POS – management of migration of POS terminals (70 000 terminals) to solutions with PIN encryption using the 3DES key
Budget: 6 mln USD / Time: 40 months / Team: 50+ / External Providers: 10+
- delivery of the POS terminal application for VeriFone platform (with contactless card acceptance)
 - adjustment of the authorization, settlement and POS terminal management systems
 - delivery of new solutions for ECR systems
 - replacement of devices not compliant with the requirements of PCI DSS
- Technology: VeriFone, Base24, Oracle, Java/J2EE, JBoss
- FD-POS – management of implementation of the new payment terminals platform.
Budget: 1 mln PLN / Time: 9 months / Team: 10+ / External Providers: 2
Technology: WEPOS, Base24, Oracle, Java/J2EE

Oracle Upgrade – management of the Oracle database migration program of all First Data Polska systems to version 11g

Budget: 2 mln PLN / Time: 30 months / Team: 50+ / External Providers: 5

Technology: Oracle, PL/SQL, Control-M, AIX, RedHat, LDAP

VISA Option Card – management of implementation of issuing the VISA Option Card in first European market for First Data Polska's client

Budget: 0,5 mln PLN / Time: 9 months / Team: 20+ / External Providers: 2

Technology: Base24, Oracle, PL/SQL

eCommerce – management of implementation of e-commerce platform at First Data Polska – e-transfers and online card payments

Budget: 2 mln PLN / Time: 20 months / Team: 20+ / External Providers: 10+

Technology: Java/J2EE, JBoss, Oracle, WebServices, PHP

WDX – management of implementation of the new Web Services platform at First Data Polska that gives clients a possibility to manage credit and debit cards online.

Budget: 1,5 mln PLN / Time: 30 months / Team: 30+ / External Providers: 3

Technology: WebServices, Java/J2EE, JBoss, Base24, Oracle

IBM Cognos TM1 – management of the delivery of the new BI system for budget planning and analysis (revenue and expenditure of First Data Polska business lines).

Budget: 0,5 mln PLN / Time: 4 months / Team: 5+ / External Providers: 2

Technology: Oracle, RedHat, Windows Server

Cards Migration – management of cards migration from one Bank to another.

Budget: 1 mln PLN / Time: 6 months / Team: 20+

Technologie: Base24, Oracle

VISA Prepaid – management of implementation of the VISA prepaid cards acceptance at First Data Polska - introduction of partial approval, balance return and activation&load transactions.

Budget: 0,5 mln PLN / Time: 6 months / Team: 10+ / External Providers: 2

Technology: Base24, Hypercom, Java/J2EE, JBoss, Oracle

Card Issuing – management of delivery of the card issuing for new First Data Polska clients (Banks) - EMV PayPass (MasterCard) / PayWave (VISA) certifications and introduction of operational processes.

Budget: 0,4-1 mln PLN / Time: 6-12 months / Team: 20+ / External Providers: 1-3

Technology: Base24, Oracle, PL/SQL, WebServices, Java/J2EE, JBoss

EMV Prescreening – management of delivery of the dedicated EMV prescreening service for one of the biggest First Data Polska client.

Budget: 1 mln PLN / Time: 9 months / Team: 20+

Technologie: Base24, Oracle, Java/J2EE, JBoss

CKK Optimization – management of the architectural reconstruction of credit card management system at First Data Polska.

Budget: 2 mln PLN / Time: 12 months / Team: 30+ / External Providers: 2

Technologie: Oracle, PL/SQL, Java/J2EE

Contactless – management of implementation of the first contactless cards acceptance at First Data Polska (MasterCard PayPass Magstripe).

Budget: 0,5 mln PLN / Time: 6 months / Team: 10+ / External Providers: 2

Technologie: Base24, Java/J2EE, Oracle, C, PHP, RedHat

AMEX – management of implementation of the acceptance and settlement of AMEX cards in Poland by First Data Polska.

Budget: 2 mln PLN / Time: 18 months / Team: 50+ / External Providers: 3

Technology: Base24, Java/J2EE, JBoss, Oracle

Compliance – management of adjustment of the First Data Polska's systems to the government and card organizations (VISA / MC / AMEX) regulations.

Time: 5 months / Team: 30+ / External Providers: 2

Technology: Java/J2EE, JBoss, Oracle, WebServices

USD – management of the delivery of problem management system (ITIL compliant) at First Data Polska.

Time: 5 months / Team: 10+

Technology: Java/J2EE, Tomcat, Oracle

2007.09 – 2008.12 **Software Mind** – IT business solutions provider

Project Manager / Systems Analyst / Software Architect / Sales Support

Management of implementation of projects in the projectized organization structure:

- conducting IT delivery and integration systems for telecommunication, banking and insurance companies
- organizing work, motivating and effective team management
- recruitment and development of new employees
- providing analysis and architecture designs of information systems
- technical support for the creation of new offers

NGVMFE – management of the delivery of the new e-mail system integrated with voicemail / video / fax for one of the largest Polish telecom operator

Budget: 0,5 mln PLN / Time: 12months / Team: 10+

Technology: Java/J2EE, WebLogic, Oracle, WebServices, DHTML, AJAX, ExtJS

Play24WAP – management of the delivery of access to billing data through the WAP channel for the telecom operator's customers

Budget: 0,2 mln PLN / Time: 5 months / Team: 5+

Technology: Java/J2EE, JBoss, ESB, WebServices, WAP

Chagall/Parasol – coordination of the implementation of the sale of insurance products in bank branches

Budget: 3 mln PLN / Time: 6 months / Team: 50+ / External Providers: 5

- schedule management of independent integration projects in both institutions
- ensure agreement on common interfaces between the systems
- coordination of integration between the Bank and the Insurer infrastructure, application and legal layer

Technology: Java/J2EE, WebServices, Tuxedo, SOA, Oracle, WebLogic

2008.05 – 2008.09 **Altkom Akademia** – Polish leader in IT and business education

Project Management Trainer

- conducting project management trainings

2007.04 – 2007.08 **Ericpol Telecom** – supplier of software and research & development services
Project Manager

EvPBX – management of a very large software project for one of the biggest telecommunication company in Europe

Budget: 2 mln PLN / Time: 5 months / Team: 50+ / External Providers: 3

- planning and monitoring all aspects of project development
- forming project team, organizing and leading work of team members
- ensuring that created solutions meet customers' business needs

Technology: Java/J2EE, Appium XWay, WebLogic, JBoss, WebSphere, Oracle

2006.04 – 2007.03 **Mobiteam** – provider of internet, voice & mobile solutions
Project Manager

- planning, scheduling and controlling of projects
- creating and verifying specifications with customers
- introduction of software development process based on RUP
- conducting of trainings about effective requirements gathering

Payment Services – management of implementation of mobile payments (SMS Premium) for postal services for Swiss Post

Budget: 0,5 mln PLN / Time: 10 months / Team: 10+

Technology: Java/J2EE, JBoss, WebServices, MySQL

2005.01 – 2006.03 **ABB** – global leader in power and automation technologies
Software Developer / **Project Leader**

Transformer Reporting System – leading the project supporting measurements and producing the transformer tests end report

Time: 10 months / Team: 4+

- gathering and analysing requirements with end users
- delivering of the system and conducting trainings
- migration of the system's database from Oracle to MS SQL Server

Technology: Visual C++/C#, Oracle, MS SQL Server

ABB Helpdesk – adaptation and delivery of the bug/change request tracking system.

Time: 3 months

Technology: Java/J2EE, Struts, Tomcat, MySQL

2003.08 – 2004.12 **ComArch** – global IT business solutions provider
Database Programmer

PRIME – participating in the development of a large workflow system for a Polish telecommunication company

Time: 30 months / Team: 20+

- analysing and verifying system specifications with the customer
- creating and programming Oracle WorkFlow processes

Technology: Java/J2EE, WebLogic, Oracle (WorkFlow), PL/SQL

2002.10 – 2003.11 **Academic Computer Center CYFRONET AGH-UST**
Programmer

CrossGrid – taking part in European Union project CrossGrid Task 3.4, concentrated on optimization an access to distributed data
Technology: C/C++, GridFTP, SOAP

2003.07 **Parasoft** – provider of solutions supporting software development
Trainee / **Programmer**

GRS – building a resource repository for the system gathering reports of development process
Technology: Java/J2EE, Tomcat, Oracle, MySQL

Training

- 2014.04 Klos Training, Warszawa
Presentation Skills: The Best of You
- 2012.05 Management Training & Development Center, Warszawa
Leadership in Project Management
- 2011.09 Transition Technologies, Warszawa
Enterprise Architect – requirements specification and UML modelling
- 2011.03 Management Training & Development Center, Warszawa
Negotiation Skills for Project Managers
- 2010.09 Management Training & Development Center, Warszawa
Rapid Assessment and Recovery of Troubled Projects
- 2009.01 Premium Technology, Warszawa
CA Clarity Project Management
- 2008.05 Altkom Akademia, Krakow
Project management for managers
- 2008.04 Instytut ZTI, Warszawa
PMP Exam Preparation
- 2007.02 CRM, Warszawa
PRINCE2 Practitioner Workshop
- 2006.12 CRM, Warszawa
PRINCE2 Project Management
- 2006.09 Altkom Akademia, Krakow
Risk management in projects
- 2006.07 Altkom Akademia, Krakow
Scheduling and controlling of projects

- 2005.12 IBM, Krakow
Modern technologies in practice. IBM iSeries Platform
- 2005.10 ABB, Krakow
Theory of Constraints and Critical Chain in Project Management
- 2005.06 Erudis, Krakow
Effective requirements gathering
- 2005.04 – 06 Ernst & Young University, Krakow
*Project Management; Risk Analysis and Management
IT Services Management; Strategy and Security Policy*
- 2003.10 – 2004.06 CISCO Academy, Krakow
Cisco Certified Network Associate Course 1 and 2

Publications

- 2008.10 *Nearest neighbor search by using Partial KD-tree method*
Theoretical and Applied Informatics, Vol. 20 No. 3/2008
- 2005.10 *Simulation of Physical Phenomena by Means of Aspect Programming*
System Modelling Control -- 2005. Preceedings of the 11th International Conference on "System Modelling Control". Zakopane, October 17-19, 2005

Languages

- Polish native
- English fluent

Skills

- Project Management very good knowledge of PRINCE2 methodology (Practitioner) and PMI (PMP) experienced with best practices and tools
- Software Process experienced with Rational Unified Process and Agile/XP/Scrum methods using UML / design patterns and BPMN
- Programming Java / J2EE; C / C++ / C#; PL/SQL; VBA; Bash / Sed

Interests

Motorcycles; Skiing, Sailing, Squash, Mountain Trekking
Project Management; Business Analysis; Computer Science
